The world list of rankings is based on the results of the last five years.

Each country receives points according to its place in the past years. (e.g. Sweden place 1 in 2005 = 1 point). In the event that two teams from one country participate, the points of the best team will be awarded. (e.g. Sweden A – place 5, Sweden B – place 3 :-Sweden will receive 3 points).

All countries that do not participate automatically receive 25 points. Should an inscribed national team not participate in the tournament, the team's country will receive 50 points.

3. General rules for the Championship

1. If a team is not present or unable to start the competition, it may be replaced by a reserve-team. In this case the reserve team takes the position of the absent team. Should more than one team be replaced in this way there will be a draw to decide the team placing.
2. In groups of three teams or more, each team plays one match against all others.
3. In groups of two teams each team plays against other teams twice.
4. Should two or three teams out of one group not participate at the beginning of the Championship, and there is no reserve team available, one of the other groups will be completed with the remaining team by draw. In this event two teams out of this new group will qualify.
5. Should a team in a group withdraw during a Championship the results of this team will be removed. All above regulations will become valid.
6. Each team may provide one or more reserve players, providing the player has the right to play for his Federation and has been announced prior to the inscription expiry.

The utilization of the reserve player must be brought to the attention of the Tournament Director at least 45 minutes before the start of the first match. Accordingly, 30 minutes before the start of the team matches, the Tournament Director will publicly announce the change. Should a team player or the whole team be disqualified a replacement will not be permitted.

7. All teams must start with two players. A match cannot begin with only one team player present.
8. Should a player stop his match for medical reasons, confirmed by the Tournament Doctor, the match will automatically be forfeited to the opponent, regardless of the match results.

4. General Rules for all Playing Systems

Each team consists of two players. The teams play against each other according to the Scotch Double System.

All divisions of the groups are played according to the "Z-system".

Teams of the same nationality, independent of their position on the list of rankings, are seeded in different groups. The second team of the same country will be moved on one group further. The original team of the group takes the place of the team that has been moved on.

If a team fails after the groups have been specified the reserve team will take the same place of the failed team.

Matches are played to 40 points, with an equalizing inning. During group stages each team plays against every other team. From the quarter finals onwards and in the event of equal match points a decisive set of 15 points, without equal innings, will be played according to the Scotch Double System and in the same order as per the stat of the same match.

For rankings in group games the following criteria is valid:

- a) Team match points
- b) Team average
- c) Team highest run (s)

One break of five minutes per match is applied after 20 points is reached by one or both teams. Should a match be broadcast on television there may be an exception to this rule - following joint consultation with the UMB Delegate and the Organizer, longer and/or additional breaks may be agreed upon. In exceptional cases a necessary medical break of a maximum of five minutes may be allowed with authorization of the referee. No breaks are allowed before the start of the decisive set.

- a) Each team is free to choose the player who will start play for his team, including the lag.
- b) The starting team will begin from the starting position with the white ball.
- c) The two players in the team take turns, playing alternating shots during the inning (i.e. each team's inning consists of two players' alternating visits, each of one shot only, until that team's inning ends, and the next team begins their alternating-shot turn.)
- d) The playing team will remain at the table together and may discuss points within the time limit. The opposing team must remain seated.
